My name is Lucas, I am 21 years old.

I have always been a self-taught and very independent person, I specialize in the music industry as a producer and I also have skills as a frontend web developer.

Other skills to highlight is the use of extra tools to my work, I always add new third-party tools to develop in my field.

In my experience, I have been producing music for 9 years. I dedicated to Fiverr

from 2020 to 2022. I made +300 unique orders in different countries like USA, Germany, UK, Italy, Norway and Latin America.

I also had personal projects in web development and ecommerce.

I have knowledge in HTML, CSS, Javascript, Wordpress, Github, Docker, Office Pack, Adobe Pack, Fl Studio, Sony Vegas and other editors like Premiere.
